ASSOCIATION OF INDUSTRIAL PARKS OF RUSSIA
ASSOCIATION OF INDUSTRIAL PARKS OF RUSSIA

Association of Industrial Parks of Russia (AIP Russia) is a membership-based sectoral non-profit organisation.

AIP Russia has been established in 2010 and now it unites 150 legal entities from 48 regions of Russia. Most of them are industrial parks and SEZ management companies, alongside with the regions’ development corporations, investment agencies, service companies for design engineering, construction, and operation of industrial facilities.

ABOUT US

Since 1 September 2015, AIP has been the Authority for certification of industrial parks to comply with the National Standard GOST R 56301 – 2014 ‘Industrial Parks. Requirements’ in accordance with the Rules of AIP Voluntary Certification System registered by the Federal Agency for Technical Regulation and Metrology (Rosstandart) on 10 August 2015 in the Unified Register of the Registered Voluntary Certification Systems No. POCC RU.M1370.04IЯЯ0.

The Association is the publisher and copyright holder of the survey report «Industrial Parks in Russia». This annual analytical edition is Russia’s first and only printed source of reliable information on all industrial parks in the country.

Starting from 2015, AIP Russia has been the operator of the Geographic Information System of Industrial Parks (GISIP) representing a unique vehicle of the Ministry of Industry and Trade of the Russian Federation containing basic profiles of all industrial parks in Russia in four languages and providing investors with an opportunity to select a site in any of the registered parks online.

For nearly a decade, industrial parks of Russia have been united in the Association and developed aligned. During this time we have passed a long way to the structured market of industrial infrastructure based on the State Quality Standard.

Together we run business to create for investors the best conditions for the localization of production in Russia. Annually we publish an independent and objective report «Industrial Parks in Russia» which contains information about all the industrial sites of our country, which according to the AIP Russia expert estimates meet requirements of the National Standard of the industrial park, regardless of membership in our Association.

We strive to provide investors with transparent and objective information on industrial parks and enable them to choose the most suitable production site and favorable conditions in Russia. We offer to all production companies Site selection service throughout the country based on technical requirements of the project. Investors are offered not only space and premises, but also a whole range of related services for the elaboration of pre-project documentation, design, construction, energy supply and operation of industrial facilities.

Feel free to contact the Association of Industrial Parks of Russia, and we will be happy to support you at any stage of your project!
